## CACI NON-SURGICAL TREATMENT DETAILS

### **ultimate anti-ageing facial**

The most effective non-surgical treatment method to date will redefine facial contours, plump out deep lines and wrinkles while re-educating, firming and toning the facial muscles. Microdermabrasion with LED light technology to resurface and reduce pigmentation and/or scarring. Micro-current toning to help lift and retain muscles. Wrinkle comb to plump out lines and wrinkles - providing a needle free alternative to collagen injections. Hydratone mask rejuvenates and intensely hydrates the skin. Soften fine lines and wrinkles with the use of the wrinkle comb applicator.

### **microdermabrasion with LED**

Unique crystal free method which resurfaces the skin and brightens, resulting in a younger, fresher look. Combines LED photo-therapy to effectively treat skin blemishes, acne scarring and sun damage.

### **ultimate booster facial with LED**

Unique crystal free method which resurfaces the skin and brightens, resulting in a younger, fresher look. Combines LED photo-therapy to effectively treat skin blemishes, acne scarring and sun damage. Wrinkle comb to plump out lines and wrinkles - providing a needle free alternative to collagen injections. Hydratone mask rejuvenates and intensely hydrates the skin.

### **hydratone facial**

Intensive hydration mask is used after the CACI non-surgical facelift to rejuvenate, deeply moisturise and plump out the skin. Infused with collagen and hyaluronic acid, this mask is derived from the same silicone gel used to treat burns, making it ideal for diminishing broken capillaries, sun damaged skin, reducing redness and irritation, lines and wrinkles.

### **hydratone express facial**

Intensely hydrating mask is used after cleansing and toning to rejuvenate, deeply moisturise and plump out the skin infused with collagen and hyaluronic acid.

### **ultimate eye lift**

Utilising micro-current there will be visible reduction in crows feet and wrinkles around the eye area. This instant eye lift is fabulous for those concerned with the common signs of ageing around the eye.

### **non-surgical facelift**

Micro current is used to lift, tone and re-educate the muscles and improve skin tissue eg acne, scarring and softening lines and wrinkles.

### **jowl lift**

Has been developed to specifically target muscle laxity around the jawline which can cause drooping jowls and loose skin.

## TERMS & CONDITIONS

### **Cancellation policy**

Your appointments are very important to The Face, they are reserved especially for you. We understand that sometimes schedule adjustments are necessary; therefore we respectfully request 48 hours notice for cancellations. **Deposits are only transferred when 48 hours notice is given and the 100% of appointment fee is taken for cancellations/no shows on the day.**

### **Allergies**

To ensure nothing we use during a treatment or around you at the salon can cause you harm, irritation or any other complications and to adhere to the terms of our insurance.

### **Medication**

Some medication can be a contraindication to treatment or may react with products we use. Its important we know details to protect you and to adhere to our insurance terms.

### **Patch test**

A skin test to test for potential allergic reactions to certain treatments. We keep this on file so that all therapists know you can have that treatment and in the event of a reaction we know what was used and when.
